BECOME A PART OF THE 35TH IGC

The 35TH International Geological Congress (IGC) will be held in Cape Town, South Africa from 28 August to 4 September 2016. We cordially invite you to this prestigious event, one of the largest International geological congresses. Every four years the IGC is held under the auspices of the International Union of Geological Sciences (IUGS). IUGS together with the IGC African Organising Committee seeks to make this Congress a prime scientific event.

In 2016, it is South Africa's turn to present this exciting event on behalf of the African continent. The event will showcase the region's geoscientific superlatives; world-famous geology and geoheritage together with its geological and scenic wonders. All will be discussed during the scientific debate provided for in an extremely diverse scientific programme of oral and poster presentations, workshops, short courses and business meetings.

SCIENTIFIC PROGRAMME

Main themes:

1. Geology in Society
2. Geology in Economy
3. Geology in Science

The Scientific Program is still in the early stages of development. We invite your participation. Visit the Call for Sessions, Short Courses and Workshops, at https://www.allevvents.co.za/ei/getdemo.ei?id=222&s=_3F00S0JZ9, and indicate your interest in Coordinating a Subtheme, Session, Workshop or Short Course.
