

35th International Geological Congress

Security & Privacy Policy

SECURITY POLICY

35 IGC FOUNDATION guarantees the safety of the information that you provide us. We have an advanced security system in place in order to protect your information.

35 IGC FOUNDATION registration company uses a Thawte Secure Server ID to enable secure transactions.

Secure Server IDs

Technically, Secure Server IDs, also known as digital certificates, bind an identity to a pair of electronic keys that can be used to encrypt and sign digital information. Secure Server IDs provide a complete security solution, assuring the identity of one or all parties involved in a transaction.

By using a Secure Server ID, we are able to conduct authenticated, encrypted on-line commerce. Our users visiting the site can submit credit card numbers or other personal information, with assurance that they are really doing business with us (and not an impostor) and that the information that they are sending to us cannot be intercepted or decrypted by anyone other than the intended recipient.

How you know when the data mode is secure?

Your browsers will automatically notify you when you move into a secure area. If you want to view our certificate you need to do the following:

Internet Explorer - You should see a gold padlock at the bottom of the window. Double-click on this to view the certificate information.

Netscape - You should see a gold key in the corner of the window. Double-click on this to view the certificate information

PRIVACY POLICY

35 IGC FOUNDATION respects your privacy. This statement discloses the privacy practices for both our web site and email system.

We have designed 35 IGC FOUNDATION so that no personal identifying information is displayed online or is accessible to the general public. We do not sell or rent our customer information to any outside parties.

Described below is our privacy policy in these areas:

- Registration
- Sharing of Information

- Cookies
- Updating Your Customer Information

REGISTRATION

During the 35 IGC FOUNDATION registration process, we ask you to provide us with contact information, such as name, billing address, postal address, email address, and telephone number. We use this information to verify your details and to process your registration.

SHARING OF INFORMATION

We do not sell, rent or share any customer information, except for transactions involving third parties. In such cases, we provide only the information required to complete the transaction. By contract, the third party is not permitted to sell, rent or share this information.

For advertising purposes, visitor and customer information is statistically aggregated and reported to advertisers. However, we do not disclose to these entities any information that could be used to personally identify you, such as your name, account, password, credit card number, or transaction history.

COOKIES

35 IGC FOUNDATION uses software tags called "cookies" to identify customers when they visit our site. They help us customize our service to your needs. By understanding which areas of the site you visit, cookies allow us to present information that is of interest. The information we collect with cookies is not sold, rented or shared with any outside parties.

DELIVERY POLICY

Delivery is electronic via Email. Kindly note it is the attendee's responsibility to ensure the correct email address is inserted when registering and to check for spam alerts and junk mail folders for said confirmations.
